Objective

Results-driven software engineer with 4 years of experience in Java and Spring Boot, seeking to apply expertise in backend development and database management in a dynamic company.

Experience

Software Engineer

Tech Innovators | April 2020 - Present

Developed REST APIs for data exchange and backend services using Java and Spring Boot.

Optimized database performance by fine-tuning MySQL queries and indexing.

Collaborated closely with DevOps for deployment using Docker and Jenkins.

Conducted code reviews and helped junior developers improve their coding practices.

Junior Developer

NextGen Solutions | July 2018 - March 2020

Assisted in building scalable microservices using Python and Flask.

Managed SQL queries and ensured secure data management practices.

Worked with a cross-functional team in an Agile environment.

Skills

Java, Spring Boot, Python

SQL, MySQL, Docker

REST APIs, Git

Troubleshooting, team collaboration
